# CUT-MARK MARKER DISPENSER & TAPE

CUT MARK DISPENSER AND TAPE

The ELECDIRECT.COM® / LEM, Cut-Mark Dispenser is the easiest to use portable wire marker system available. The Cut-Mark Dispenser contains 10 rolls of marker tape, numbered 0-9. Each marker is pre-cut and mounted on a silicone release liner. Simply pull down on the liner and the maker is dispensed. Then lift off and apply.

Each roll has 76 markers, 1 1/4" in length. The markers have an acrylic adhesive, are resistant to oil and water, and can be used from -40°F to 250°F. Refills are available in single rolls or in boxes of 10 rolls. Legends available include 0-9, A-Z and NEMA Colours: White, Yellow, Green, Blue, Orange, Red, Purple, Brown, Black and Grey.

LEM SEAL-CODE DISPENSERS

ELECDIRECT.COM® / LEM SEAL-CODE™ Write-on Self-Laminating Wire and Cable Marker Dispensers feature a pocket sized dispenser containing a roll of pre-cut, self-laminating markers. Each marker has a white write-on area available for the user to write a legend in pencil or pen. After marking, the user simply pulls down on the marker liner and marker is dispensed. The transparent portion of the marker wraps around itself to protect the white write-on area.
• Available in four marker lengths, each 3/4" wide.

1. Write your own legend on write-on area.
2. Pull backing tape down to dispenser marker.
3. Place written portion on wire or cable.
4. Wrap transparent portion around for full protection.

Part #	MARKER SIZE (W X H)	MARKERS PER ROLL	WRITE-ON AREA
LRW 13	.75" X 3.0"	90 markers	.75" x .75"
LRW 16	.75" X 6.0"	40 markers	.75" x 1"
LRW 51	.75" X 1.25"	300 markers	.75" x .313"
LRW 52	.75" X 1.875"	150 markers	.75" x .50"
