Crimp 'N' Shrink Heat Shrinkable Terminals and Connectors

Multi-Wire Butt Connectors (Crimp 'N' Shrink)

The best way to join 2 wires to 1 wire. Provides a seal for a longer lasting connection between multiple wire connections. These connectors can be used in place of tying wires to each other, 3-Way connectors and Tap Splices. See for yourself! Use crimp tool **761802** found on pages 14 & 32. See page 61 for heating tools!

***NEW**

Closed-End Connectors (Crimp 'N' Shrink)

The best way to join two to four wires together. In addition to the crimp giving a more secure connection, the seal in the heat shrink tubing gives added protection for a longer lasting connection. These connectors can be used in place of Wire Nuts and traditional Closed End Connectors.
