

Battery Connectors

- Impact resistant polycarbonate offers both high physical strength & superior dielectric properties
- CSA Approved for use with certified equipment
- Silver-plated solid copper contacts for superior conductivity
- Self-cleaning contact design resists arcing by keeping conductive surfaces clean & free of corrosion
- Flared & heat treated barrels allows easy insertion of finely stranded wire as well as quality crimping
- Integral stainless-steel springs maintain constant pressure on the contacts to ensure a consistent, low resistance connection
- Available in 50 Amp, 175 Amp & 350 Amp specifications
- Supplied in kits or separated parts

* Housings & Connectors listed are in grey only. Grey is the most commonly used colour in the Transportation Aftermarket. Users who work with single voltage applications are likely to use grey housings regardless of the voltage. For equipment and fleets with multiple voltage applications and where necessary, we suggest that you follow the industry colour coding listed.

Yellow = 12 Volts Red = 24 Volts Grey = 36 Volts Blue = 48 Volts

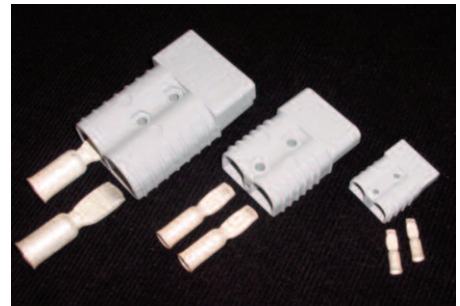

The universal colour codes are there to differentiate voltages in your electrical circuits and to prevent possible risk of dangerous and expensive damage, thus grey connectors should only be connected to grey connectors, etc. Other colours are available on a special order basis. Minimum order may be required!

Fast 'N' Safe Battery Connector Kits

Kits contain 1 Grey Housing and 2 contacts. Order two kits for a complete set!

Gauge	Amp	Part No.
12-10 ga	50 Amp	*769450
8 ga	50 Amp	*769425
6 ga	50 Amp	*769451
4 ga	175 Amp	*769426
2-1 ga	175 Amp	*769427
1/0 ga	175 Amp	*769452
2/0 ga	350 Amp	*769454
3/0 ga	350 Amp	*769428
4/0 ga	350 Amp	*769430

***NEW**

Fast 'N' Safe Battery Connector Kits

Fast 'N' Safe Battery Connector Contacts (Only)

Supplied in packages of 2.

Gauge	Amp	Part No.
12-10 ga	50 Amp	*769431
8 ga	50 Amp	*769432
6 ga	50 Amp	*769433
4 ga	175 Amp	*769458
2-1 ga	175 Amp	*769459
1/0 ga	175 Amp	*769434
2/0 ga	350 Amp	*769435
3/0 ga	350 Amp	*769460
4/0 ga	350 Amp	*769461

***NEW**

Fast 'N' Safe Battery Connector Contacts

Fast 'N' Safe Battery Connector Housings (Only)

Grey Housings. 1 per package. Other colours are available.*

Gauge	Amp	Part No.
12, 10, 8, 6 ga	50 Amp	*769467
4, 2, 1, 1/0 ga	175 Amp	*769456
2/0, 3/0, 4/0 ga	350 Amp	*769457

***NEW**

Gauge	Amp
12ga - 6ga	50 Amp
4ga - 1/0ga	175 Amp
2/0ga - 4/0ga	350 Amp

Fast 'N' Safe Battery Connector Housings

Fast 'N' Safe Battery Connectors - Accessories

Handles

- *769462 Plastic, can be used with all 175 Amp & 350 Amp. Hardware included. ***NEW**
- *769479 Steel, can be used with all 175 Amp & 350 Amp. Hardware included. ***NEW**

Protective Covers

- *769480 Protective Cover for 50 Amp Fast 'N' Safe Battery Connectors ***NEW**
- *769481 Protective Cover for 175 Amp Fast 'N' Safe Battery Connectors ***NEW**
- *769482 Protective Cover for 350 Amp Fast 'N' Safe Battery Connectors ***NEW**

Fast 'N' Safe Battery Connector Handles and Protective Covers
