

# TDM250 MECHANICAL COMPRESSION TOOL WITH BUILT-IN DIES

### SAVE MONEY

- Buy one tool – no dies to order, no dies to lose
- Buy one tool for lugs and splices, both copper and aluminum:
  - #8-250 CU
  - #8-4/0 AL
- Buy a tool that's built to last – all-steel, precision-machined, durable construction

### EASY TO USE

Unique extendible handle design provides increased leverage at 250 MCM. The TDM250 requires less handle load than conventional 250 MCM tools

- Ready to use – no dies needed
- No dies to change or lose
- Easy-to-read settings on the calibrated index plate on side of tool
- Easy to handle – weighs just 6½ lbs.

**PENN-UNION** CORP.

Part #	Wire Range
TDM250	#8 - 250 CU #8 - 4/0 AL
TDM250XF	#8 - 4/0 CU #8 - 250 MCM

### TDM250XF

- #8-4/0 CU extra flexible copper cable
- #8-250 MCM CU

# TDM500 DIELESS MECHANICAL COMPRESSION TOOL

*“Telescopic Handles for Superior Leverage”*

*Why buy a Hydraulic Tool when the TDM500 will do the job at half the price!*

### MORE ECONOMICAL

- Dieless – no dies to buy or lose
- Widest Range Available – crimps #8-500 MCM AL or CU
- Costs less than expensive hydraulic tools
- Quality Construction – all-steel, durable construction
- Three Years Manufacturer's Warranty for replacement or service

### MORE CONVENIENT TO USE

- Unique extendible handle design – provides increased leverage. At 500 MCM, the TDM500 requires less handle load than conventional 250 MCM tools require at 250 MCM.
- No dies to change or lose
- Easy-to-read settings are provided on calibrated index plates, one for AL and one for CU, located on the side of the tool
- Small head – convenient in confined areas
- Easiest Bench Use – machined flat head surface allows you to stand tool freely in working position
