

Battery Terminals

Automotive Battery Terminals

- Made of 100% pure copper for superior conductivity
- Tin plated for maximum corrosion prevention
- Extended barrel provides a better connection
- Color & die coded to meet general crimp settings
- Crimpable/Solderable
- Available in packages of 10

Straight Barrel (Closed)

GA Size	Colour	Positive (3/8" Stud)	Negative (5/16" Stud)	Universal (5/16" Stud)
6GA	Grey			762503
4GA	Green	762498	762497	762504
2-1GA	Pink	762505	762506	762499
1/0GA	Black	762507	762508	
2/0GA	Orange	762509	762510	
3/0GA	Purple	762512	762511	
4/0GA	Yellow	762514	762513	

Crimpable/Solderable Battery Terminals (Closed, Straight Barrel)

Diameter in Inches

PART NO.	Stud Size/Polarity	WIRE SIZE	I.D. Dia.	O.D. Dia.	Crimp Code (Color)
