

Battery Terminals

Crimpable/Solderable Battery Terminals

- Made of 100% pure copper for superior conductivity
- Tin plated for maximum corrosion prevention
- Extended barrel provides a better connection
- Colour & die coded to meet general crimp settings
- Crimpable/Solderable
- Use with crimp tools
- For additional protection against corrosion, heat shrink tubing should be used after crimping
- Available in packages of 10

Straight Barrel (Closed)

GA Size	Colour	Positive (3/8") Stud	Negative (5/16") Stud	Universal (5/16") Stud
6GA	Grey			762503
4GA	Green	762498	762497	762504
2-1GA	Pink	762505	762506	762499
1/0GA	Black	762507	762508	
2/0GA	Orange	762509	762510	
3/0GA	Purple	762512	762511	
4/0GA	Yellow	762514	762513	

Crimpable/Solderable Battery Terminals (Closed, Straight Barrel)

Flag Style Barrel (Closed)

GA Size	Colour	Positive (3/8") Stud	Negative (5/16") Stud	Universal (5/16") Stud
1/0GA	Black	762520	762519	
2/0GA	Orange	762524	762523	
3/0GA	Purple	762526	762525	
4/0GA	Yellow	762522	762521	

Crimpable/Solderable Battery Terminals (Closed, Flag-Style Barrel)

Right Elbow (Closed)

GA Size	Colour	Positive (3/8") Stud	Negative (5/16") Stud	Universal (5/16") Stud
2-1GA	Pink			762496
1/0GA	Black	762492	762491	
2/0GA	Orange	762494	762493	
3/0GA	Purple	762516	762515	
4/0GA	Yellow	762518	762517	

Crimpable/Solderable Battery Terminals (Closed, Right Elbow)

Left Elbow (Closed)

GA Size	Colour	Positive (3/8") Stud	Negative (5/16") Stud	Universal (5/16") Stud
2-1GA	Pink			762495
1/0GA	Black	762484	762483	
2/0GA	Orange	762486	762485	
3/0GA	Purple	762488	762487	
4/0GA	Yellow	762490	762489	

Crimpable/Solderable Battery Terminals (Closed, Left Elbow)
