

Battery Terminal Accessories/Braided Straps

Bonding Strap, Tinned Copper Braid

Replaces OE strap and insulated type jumpers between firewall and engine valve cover or block. Grounds charging system to prevent dimming of lights and reduces radio noise by bonding metal parts. Fits most engines.

4GA, 3/8" Holes

769329 14" (355.6mm) long

Fifth Wheel Ground Strap, Tinned Copper Braid

2GA, 3/8" Holes

769330 8" (203.2mm) long

769332 14" (355.6mm) long

2GA, 5/8" Holes

769333 18" (457.2mm) long

Fifth Wheel Ground Strap

Battery Master Disconnect Switch

Battery Cable Assemblies

Heavy-Duty Battery Jumper Cables

Made with corrosion-resistant, lead die-cast terminals and extra flexible 2/0GA EPDM Welding Cable.

Straight Battery Terminals

Length	GA	Part#
8" (203.2mm)	2/0GA	769386
12" (304.8mm)	2/0GA	769389
19" (482.6mm)	2/0GA	769392

Elbow Battery Terminals (Same-side)

Length	GA	Part#
8" (203.2mm)	2/0GA	769387
12" (304.8mm)	2/0GA	769390
19" (482.6mm)	2/0GA	769393

Elbow Battery Terminals (Offset)

Length	GA	Part#
8" (203.2mm)	2/0GA	769388
12" (304.8mm)	2/0GA	769391
19" (482.6mm)	2/0GA	769394

Heavy-Duty Jumper Cables with Straight Terminals

Heavy-Duty Jumper Cables with Elbow Terminals (Same-side)
